Capacity

106 or 124 maximum bottles*

Temperature and Hygrometry

- Setting range from 6 to 18°C
- At 12°C, independently regulated hygrometry at 70%

Design

- Triple glazed and anti UV Full Glass door. Not reversible. Right or left opening > Choice on order
- Inner lighting: ambiance lighting by 4 LED under each shelf and 2 LED under the control panel (3 options: permanent, when opening door, disabled). 3 levels of light intensity
- Handle integrated in the door profile
- LED screen with sensitive keys

Regulation and equipment

- Electronic regulation
- Internal display and settings
- Temperature display
- Hygrometry display, non adjustable.
- Display only at 12°C
- Alarms in case of dysfunction (open door, sensor fault, temperature dysfunction, hygrometry dysfunction, need to fill the humidity tank, need to replace charcoal filter)
- Default ECO mode (= screen saver)
- Automatic defrost
- On/Off/ switch
- Active charcoal filter 150x150 mm
- 4 adjustable shock absorbing feet + 4 embellishments
- Condensate discharge pipe
- Autonomous hygrometry regulation tank «Hydrocontrol System». Patented system
- Frost protection thermostat

Accessories

- 11 sliding shelves + 1 fixed, with black tinted ash front
- Sliding shelves equipped with a soft close device
- 8 mains du Sommelier at the bottom of the cabinet
- 6 removable bottle identifiers per sliding shelf
- 1 erasable felt tip marker
- 1 key ring
- 1 microfiber cloth

Technologies

- Cold production:** Mixed air/ Variable speed compressor R600a gas
- Cords:** CE/US/UK/JA/AU/CH/C6
- Heat production:** Resistance
- Heat release:** Automatic
45W resistor
- Inner material:** Aluminium
- Exterior coating material:** HPL panel (High pressure laminated)
- Insulation type:** Injected polyurethane foam (59 mm)

*106 bottles : 86 traditional Bordeaux bottles + 20 Magnums / 124 bottles : 122 traditional Bordeaux bottles + 2 Magnums

General features

	Full Glass door
Gross weight packaged (kg)**	340

Energy efficiency class	E	/
Annual energy consumption AEC (Kwh/year)	100	85
Sound emission (dB(A))	34 (steady state)	34 (steady state)
Sound emission Class	B	/
Ambient operating temperature (°C)	5-35	5-35
Useful volume (litres)	421	

For a "service" usage, with an inner temperature between 6-9°C, we recommend to not place Royale in an ambient environment above 30°C/ 70% HR.

Royale, in a few words...

Why Royale?

Quite simply because it represents the best we can offer our customers in terms of performance, durability and aesthetics.
